

## INTRODUCTION

We are an Organization devoted to provide Accurate, Reliable equipments to systems and processes in your use. You have been using for sometime Products from our Range to your entire satisfaction. Our reputation is built upon our manufacturing capability for high quality products in the following areas of our specialization :

### Flow Technology :

- **Rotameter** :Customized to provide flow solutions with various applications  
Glass Tube Rotameter ; Purge Rotameter; By-Pass Rotameter; Metal Tube Rotameter; Acrylic Body Rotameter.
- **Turbine Flow Meter** :for precision measurement of clear liquids.
- **Electromagnetic Flowmeter** :for precision measurement of contaminated liquid
- **Water Meter** :ensures accuracy in water distribution networks, industrial applications
- **Orifice Plates & Flange Assemblies** :for precision measurement of clear liquid & gasses.

### Level Technology : Measurements & Controls

- **Mechanical Measurement of liquid level in Tanks.**  
This is a viable economical solution and can be of various types for typical applications.  
Tubular Level Indicator ; Level Gauge ( Reflex & Transparent ) ; Float & Board Type - with Vapour Sealed Type.
- **Magnetic Measurement of liquid levels**
- **Level Switch**

### Pressure Measurement

With innovation as our guiding principle , we have been successful in upgrading our Range to not only satisfy Customer needs but also exceed Customer expectations.Given below are some of our endeavors in pursuit of excellence.

- **CONTACTLESS LIQUID / SOLID LEVEL DETECTION & CONTROL TECHNOLOGY WITH CUSTOMIZED APPLICATIONS.**
- **RADIO FREQUENCY TYPE LEVEL SWITCHES FOR LEVEL SENSING OF BULK SOLIDS, LIQUIDS & SLURRIES.**
- **POSITIVE DISPLACEMENT TYPE FLOW METERS.**

**LITEN Meters** are work-horses for accurately measuring flows of viscous, as well as easy flowing media. These Meters are customized to meet specific operating conditions.The analog indication provides an attractive economical option.The performance is backed by a satisfied list of Users.

The Users of our Products range from **NTPC, EPIL, Bokaro Power Supply Co. Ltd.BCCL ( Bihar Caustic), Kanoria Chemicals, Ranbaxy Laboratories Ltd., ABB,Asian Paints**.Our goal is to provide customer satisfaction by remaining a viable and vibrant source for quality technology solutions.

We are enclosing an exposition of our Product Range along with Technical details for your perusal and look forward to your patronage.

With Best Regards

**Flow Star Engineering Pvt. Ltd.**  
 ( An ISO 9001:2000 Certified group of co. )  
 Plot No. 6, Northern India Industrial Complex,  
 20/3, Mathura Road, Faridabad - 121005 (INDIA)
